A program provided by the South Dakota
Department of Social Services.

DSS Nondiscrimination Policy: It is the policy of the Department of Social Services (DSS) to make sure that applications for program benefits and services are made available to everyone and that program benefits are granted to all who meet eligibility standards. DSS staff, programs and policies must not discriminate against clients or applicants for services because of race, color, sex, age, disability, religion and national origin. DSS must also provide fair and equal access to all of its programs and services for people with disabilities; this includes both physical access to buildings and access to programs and services. To file a complaint of discrimination write: DSS Division of Legal Services, 700 Governors Drive, Pierre, SD 57501-2291 or call: (605) 773-3305. If you have a question regarding program services, please contact your nearest DSS office or (605) 773-4678.

13,000 copies of this brochure were printed by the Department of Social Services at a cost of .075 cents per copy. DSS/EA/13M/0906

Weatherization Assistance for South Dakotans

The Weatherization Assistance Program helps low income South Dakota households overcome the high cost of energy by making their homes more energy efficient.

How does weatherization help? The weatherization of a home may include:

- Weather-stripping of doors and windows.
- Caulking and sealing cracks and holes in a building structure.
- Insulating attics, walls and under floors.
- Installing windows and/or glass.
- Repair, tune-up or replacement of non-functional heating systems.
- Incidental repairs necessary to protect the weatherization material.

APPLY TODAY!

To become eligible for weatherization, you must be eligible for energy assistance. There is no cost for weatherization, but funds are limited and you may be placed on a waiting list. To apply:

- Call toll-free at **1-800-233-8503** and request that an application be sent to you.
- Obtain an application at any **local Department of Social Services office**.
- Print an application from **<http://dss.sd.gov/energyassistance/applying>**.

ENERGY SAVING TIPS!

- Set your thermostat at a comfortable level in the summer and winter months.
- Use compact fluorescent light bulbs.
- Turn off your computer and monitor when not in use.
- Take short showers instead of baths.
- Install low-flow shower heads.
- Change air conditioning or furnace filters on a regular basis.
- Lower the thermostat on your hot water heater to 120°F.
- Wash only full loads of dishes and clothes.
- Plug home electronics, such as TVs and DVD players, into power strips; turn the power strips off when the equipment is not in use (TVs and DVDs in standby mode still use several watts of power).
- Make sure air vents are not obstructed.
